DIY - HALLOWEEN MONSTER BOX

Make your very own pet monster to protect you from other scary monsters at night!

Flip Box

Coloured Paper Strips

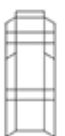

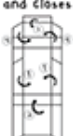

Teeth cutouts, eye cutouts

Paper strip for tongue

INSTRUCTIONS:

1. Fold the flat box into its 3D form.
 
2. Put glue and tuck in the flaps at the top and the bottom. You now have a proper box which opens and closes.
 
3. Body - Wrap the coloured strips of paper around the box to decorate your monster. You can cut these strips using a pair of zig-zag scissors to give shape.
 
4. Teeth - Paste the teeth on the inside of the top of the box so they are popping out from the front.
 
5. Tongue - Take the long pink strip of paper and roll its one end around a pencil once. Paste the other end on the inside of the box opening.
 
6. Eyes - Paste the small black circle on top of the bigger white circle and once dry, paste them on top of the box to make the eyes.
 
7. Your pet monster is now ready. Keep it on your study table or bedside and fill it with your favourite things!
